

GATOR-PAK™ KRAFT/LINERBOARD MAILERS

Gator-Pak chipboard mailers are designed to secure shipped items that need rigidity as a protective feature. Chipboard envelopes are great for more three-dimensional items such as videos, books, etc.

- Reverse-fold construction provides side impact protection and superior flex strength
- Tear strip makes mailer easy and clean to open
- Recycled content; recyclable; environmentally friendly*
- Linerboard reinforced inner layer with kraft paper outer layer provides economical impact protection and prevents bending
- Self-seal, tamper-evident, serrated lip closure, with paper-release liner makes mailer easy-to-use with a secure closure

Availability:

- Industry standard sizes #1-7 and CD size provides versatility from one vendor

GATOR-PAK™ LITE

KRAFT/LINERBOARD MAILERS

Gator-Pak™ Lite mailers are designed to guard flat items from bending and creasing during shipping or transport. These mailers are ideal for document, photo or artwork delivery. Gator-Pak™ Lite mailers are easy to load and close, and easy for the recipient to open.

- Clay-Coat Kraft-Back (CCKB) material provides superior edge, impact protection and beam strength
- Chipboard construction prevents bending and flexing
- 100% recyclable; 95% post-consumer content is environmentally friendly*
- Self-seal, tamper-evident closure with paper-release liner and tear strip makes mailer easy-to-use with a secure closure, and easy and clean to open

Availability:

- Versatility from one vendor: industry standard sizes #1-6, disk mailers
- LX-1 courier mailer meets shipping industry standard

Custom options:

- Color printing available to promote brand identity
